

# Spring Sensory Bins for Toddlers and Preschoolers

For those of us who have endured a rather colorless winter, we are so excited to explore color in the spring! This is a great time of year to explore using our [senses](#) with all the different textures available. If you are looking for some new **spring sensory bins for toddlers and preschoolers**, you've come to the right place. This collection is amazing! I always keep in mind what preschoolers love most about our sensory bins:

- Scoop
- Pour
- Transfer

I'd love to know what your children's favorite sensory bins are. What can I add to this collection?

[Insect Sensory Bin](#) (Stir the Wonder)

## **Bonus! Grab your preschool color books pack!**

Whether you're teaching your toddler their colors or starting your preschooler or kindergartner on color words, these printable color books are a great way to practice and, as you read through them, can add a little bit of vocabulary practice into their day as well.

Each of the included color books have both a color and a black and white version so that you can either print and assemble them yourself for your students to look through or, have your students color and assemble their own.

For \$6.50 you can [download this PDF digital packet now!](#)
